Issue 29

We hope you enjoyed Winter Niche Jobs!

If you still have old Niche Coins and UnSecurities, please save them. They may be worth something.

Next up is Summer Niche Jobs!

Participants will be able to make between \$1,000 and \$1,500.

As parents and students may remember, our summer program is run in combination with the City of Philadelphia, so the \$1,000 to \$1,500 check arrives externally. Last year, the Philadelphia Youth Network (PYN) and Work Ready issued the payments. This year, it will be a new organization known as JVES.

**Jevs**  
Human Services

JVES will soon make the summer application available - at some point between April 4<sup>th</sup> and April 15. Any person who wants to join Summer Niche Jobs must also complete the JVES summer application.

Look for the words "Career Connected Learning" or the abbreviation C2L, which are the new names for this upcoming summer's PYN and Work Ready-like experience.
